Assessing Official Comments:

QUALITY: The program quality at WRG is outstanding. They work to ensure each class we ask for is scheduled without any conflict. This is especially critical given the adhoc nature of the training demand. Absolutely outstanding quality!

SCHEDULE: Our schedule is flexible (adhoc) and WRG accommodates it extremely well. The facility where training takes place is used by other customers, but they always give the Navy top priority on any scheduling. No scheduling conflicts have occurred this year.

COST CONTROL: Not Applicable.

MANAGEMENT: WRG provides excellent management and works closely with the Navy on any impending issues to ensure smooth contractual operations. An example of this is that on occasion safety related questions or areas we have thought questionable were brought to the attention of management and every issue has been satisfactorily addressed not later than the next day.

REGULATORY COMPLIANCE: WRG trains the Navy at a local, state-of-the-Art facility, which is monitored for regulatory compliance with all applicable regulations and codes. No issues have been noted.

ADDITIONAL/OTHER: Overall, I believe the fire fighting training being received by the Navy is top notch. WRG has great instructors with years of fire fighting knowledge, a great trainer that is safe and reliable, and

FOR OFFICIAL USE ONLY / SOURCE SELECTION INFORMATION - SEE FAR 2.101, 3.104, AND 42.1503

management that goes above and beyond helping the Navy meet its demanding training schedule for the local fleet. Mike Tinder is a great manager and cares deeply for the students and the quality of training they receive.

RECOMMENDATION:

Given what I know today about the contractor's ability to perform in accordance with this contract or order's most significant requirements, I would recommend them for similar requirements in the future.

Contractor Comments:

ADDITIONAL/OTHER: We wish to thank all who have given us the opportunity to give back to our Heroes in the Navy. This is our part and we take great pride in all we provide. We hope to provide additional first class training with the addition of new training props and facilities. Thank you for the great comments I will pass this on to each of our instructor cadre.

William Gee

CONCURRENCE: I concur with this evaluation.
